

Providing prestigious
scholarships for
high-achieving
South Australians

Investing in South Australia's future

Summing up success

\$5.7m financial support provided to SA tertiary students since 2010

\$640,000+ Playford Trust and partner support confirmed for 2024

670+ students supported over the past decade

90 tertiary students supported in 2023

33 industry, education and community partners

Priority areas

Advanced manufacturing and new technologies

Water, energy and climate change

Agriculture, aquaculture and food production

Space and defence technologies

Resources, energy and sustainability

Health sciences and enabling technologies

The Playford Trust supports high-achieving tertiary students contributing to South Australia's skills, knowledge and research base.

Together with partners across industry, government, the education sector and the community, it assists students undertaking undergraduate, Honours or PhD programs at the three main universities, or studying through TAFESA.

The Trust focuses particularly on areas of strategic and economic importance to the State.

A key aim is to actively encourage outstanding students into science, technology, engineering and mathematics (STEM) careers, complementing Federal and State Government programs.

Established in 1983 in honour of Sir Thomas Playford, SA's longest-serving Premier, the Trust enjoys bipartisan political support as a not-for-profit, charitable trust operating under its own deed. It is governed by a voluntary board and administered with assistance

from the Department of the Premier and Cabinet.

The first university scholarship was awarded to a PhD student of horticulture in 1987. Awards for TAFESA students were first offered in 1999.

In recent years, the Trust's reach and impact have increased dramatically, as have the number and value of its annual disbursements. Partners often also offer work experience, internships and valuable industry networking.

The Trust's funding comes from a range of sources, including income from its own investments; contributions or sponsorships from industry, the education sector and the community; an annual State Government grant; donations from individuals and foundations; additional specific grants from government; and bequests. Donations are tax deductible.

Scholarships and awards

For details about all of the following scholarships, please visit playfordtrust.com.au/scholarships-and-awards

Undergraduate and Honours

The Andy Thomas Foundation/Playford Trust Scholarships | 8 @ \$5000 x 1 year |

First-year students on an undergraduate aerospace or space science and astrophysics study pathway at the University of Adelaide or University of South Australia

Aurecon/Playford Trust Scholarship | 1 @ \$10,000 x 1 year | **Final-year student** studying electrical or civil engineering and business/commerce (or similar second degree); or **fourth-year student** in electrical or civil engineering | Work placement included

AusIMM/Playford Trust Minerals Industry Scholarships | 3 @ \$9000 x 1 year | **Honours or fourth-year** students studying geoscience, mining engineering, chemical engineering or environmental engineering

BHP/Playford Trust Minerals Industry Honours Scholarship | 1 @ \$9000 x 1 year | **Honours** student studying geoscience, mining engineering or chemical engineering | Work placement opportunity

Built/Playford Trust Civil, Structural, and Construction Engineering Honours Scholarship | 1 @ \$10,000 x 1 year | **Honours** student studying civil, structural or construction engineering | Work placement included

Capral Aluminium/Playford Trust Scholarship | 1 @ \$10,000 | Student beginning **third year** mechanical, mechatronic, metallurgical, chemical or electrical engineering | Paid work placement

Clean Seas/Playford Trust Scholarship | **Bachelor of Engineering (Honours) (Civil)** | 1 @ \$20,000 over 2 years | **Third-year** student prepared to undertake a fourth year of study in aquaculture

Codan/Playford Trust Scholarship in Engineering | 1 @ \$10,000 x 1 year | **Third-year, fourth-year or Honours student** studying electronic engineering, signal processing or physics, and having an interest in sensing systems | Paid work placement

Coopers Brewery/Playford Trust Honours Scholarship | 1 @ \$7000 x 1 year | **Honours** student studying at the Waite Research Institute in the field of barley breeding science or yeast fermentation | Work placement opportunity

GSA/Playford Trust Scholarship in Earth Sciences | 2 @ \$4000 x 1 year | **Honours** students studying earth sciences

Peak Iron Mines/Playford Trust Scholarships | Students studying mining engineering, geology, geoscience, or environmental sciences | 2 @ \$10,000 **Honours or fourth-year** | Or, 1 @ \$10,000 **Honours or fourth-year** plus 2 @ \$5000 **First-, second- or third-year** | Work placement opportunities

Playford Trust Resources Sector Engineering Scholarships | Up to 20 @ \$20,000 over 2 years | **Undergraduates beginning studies** in mining engineering or petroleum engineering at the University of Adelaide | Supported by Iluka Resources, BHP, Rex Minerals, Santos, the Government of South Australia and SACOME | Work placement opportunities

Playford Trust Honours Scholarships | 12 @ \$7000 x 1 year | **Honours** students studying in one of the Trust's priority areas | 4 scholarships for each of the three universities

SA Power Networks/Playford Trust Scholarship | 1 @ \$7000 x 1 year | **Final-year** electrical engineering student interested in the fields of power engineering or asset management | Work placement opportunity

Ultra Maritime/Playford Trust Scholarship | 1 @ \$10,000 x 1 year | **Third- or fourth-year** undergraduate in electronic engineering, computer science, systems engineering or applied physics | Work placement opportunity

WSP/Playford Trust Engineering Scholarship | 1 @ \$10,000 x 1 year | **Honours or fourth-year** student studying civil, structural, mechanical or electrical engineering or environmental studies | Work placement included

PhD

Playford Trust PhD Scholarships | 3 @ \$26,250 over 3.5 years | Students undertaking a PhD in one of the Trust's priority areas

Defence Science and Technology Group/Playford Trust Scholarships | 3 @ \$35,000 over 3.5 years | PhD students working in areas of strategic importance to the defence industry | Work placement opportunities

Rural and regional

Playford Trust Rural & Regional STEM Scholarships | 6 @ \$5000 x 1 year | **First-year undergraduates** studying science, engineering, mathematics or technology | Home base in rural or regional South Australia

St Ann's College/Playford Trust Residential Scholarships | 3 @ \$10,000 x 1 year | **Undergraduates** commencing and continuing their residency at St Ann's and studying in one of the Trust's priority areas. Provided in partnership with Chartwells and the St Ann's College Foundation.

Vocational Education and Training

Playford Trust/TAFE SA Awards | Up to 15 @ \$3000 x 1 year | Industry sectors include:

Modern industries and new technology

– Including 2 awards specific to this sector provided by TAFESA

Agriculture, agribusiness and food production

– Including 2 awards specific to this sector provided by Sandy's Memorial Trust

Environment, conservation and horticulture

– Including up to 3 awards specific to this sector provided by Open Gardens South Australia, and 1 provided by Friends of the Botanic Gardens of Adelaide.

Australian Arid Lands Botanic Garden / Playford Trust Award | 1 @ \$5000 award to support the professional development of an **AALBG trainee** in the field of horticulture.

Trust Board

Hon Dr Diana Laidlaw AM (Chair) | Hon Paul Holloway (Deputy Chair) | Mr Llew Jones (Public Officer) | Prof Don Bursill AM | Mr Nick Carne | Adjunct Prof Christine Charles | Prof David Day | Dr Kate Delaporte | Hon Robert Lawson RFD QC | Mr Mark McGeough | Ms Bunty Parsons | Dr Leanna Read |

Support South Australia's best and brightest

There are three ways in which any organisation, family or individual can help the Playford Trust make a difference.

The first is to fund a specific scholarship or award.

These are named and presented jointly by the partner and the Trust. All funds go directly to the student.

There are four main categories:

- PhD scholarships
- Honours and third- or fourth-year scholarships
- Graduate-entry scholarships for rural and regional students
- TAFESA study awards

The second option is to provide united funds.

These will be used to support scholarships and awards as befits the needs for that year. Supporters can ask to support specific areas of study or academic levels.

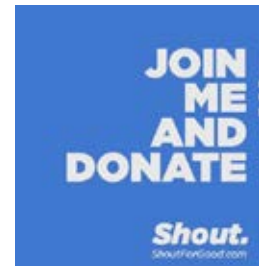

Ongoing supporters, like industry partners, are acknowledged in the Trust's newsletter and website, through the media and at annual awards nights attended by members of the business, community, government and university sectors.

The third option is to make a one-off or recurring donation.

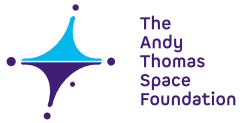

Gifts over \$2 to the Playford Trust are tax deductible.

To make a secure online credit card donation at any time, visit shoutforgood.com.au and search for Playford Trust. There are also options for bank transfers or cheques.

For full information about donations, bequests and partnering, please visit playfordtrust.com.au/funding.
